- a. Discussion of the appointment of alternates for the FOP, AFSCME, and Health Department Positions.

The Highway Department does not have anyone for an alternate at this time. Dustin Schulz with the Health Department will email the name of their alternate to me so we can vote on the appointment at the next Health Care Committee meeting and then forward to the full Board. The Probation Department currently does not have anyone willing to be an alternate but may have in the near future. The FOP will be discussing alternates at their next meeting and may forward names to me at a later date.

7. **Old Business** - None

8. **New Business**

- a. Review of TRIA Health Annual Report

A paper copy of the TRIA Annual Report was provided to us and we called the TRIA Health Account Manager Rachel Smith and put her on speaker phone. She shared a patient success story with us and then explained the information in the rest of the report. The total amount invested last year was \$3,446 (\$2 per participant per month) and the total annualized savings was \$12,593. The number of engaged members increased to 13. The fee that the County pays for participation in TRIA Health is covered by the plan, we do not charge the employees a separate premium for this. Rachel will get payroll stuffers, new hire fliers, and posters for our bulletin boards to us. TRIA offers other programs such as Choose to Lose (a multi-prong approach for long term weight loss) and S.T.O.P. (Stop Tobacco by Optimizing Pharmacists). They have had high success rates with these two programs. After the phone conference call, the committee discussed these two programs and Melissa will contact Rachel to get pricing so we can discuss offering these

programs to our plan participants at our next meeting. The Health Department has information on smoking cessation programs but the TRIA S.T.O.P. program would be more in depth.

**9. Other**

a. County Board Action Follow-up (Monthly item)

Two appointments (Kent Hair and J.T. Gentes) were forwarded to the full County Board and were approved in February. Also, the recommendation for the approval of injectable drug claims to be processed thru the prescription side of the plan was forwarded and approved by the County Board in February 2020.

b. Monthly Update/Quarterly Report from Snedeker's

Snedeker's office provided the 2020 Plan Performance Report thru February 29, 2020. There is a net loss of \$10,901.28 thru the first two months of the plan year.

c. There was discussion regarding the Coronavirus.

Mr. Nagel works for a school district and there is a 50/50 chance they will have school closings. Mr. Gentes reported that the Sheriff's office has plans and procedures in place. Mr. Schulz reported that this issue is taking up 95% of his time right now. He has been working with the EMA Director Kent McCanless and County Board Chairman Mr. Krug. Woodford County currently does not have any cases of Coronavirus yet but it is probably just a matter of time. Mr. Nagel has questions and concerns of what we will do if we have a shutdown of County Government. The County Clerk has had to relocate polling places and has a shortage of election judges. We may want to ask our insurance carrier if we have loss of income coverage.
