NOTES

Please correct any core (C) violations noted below ASAP but at least by next routine inspection

Facility is still classified as a Category I food establishment

The person-in-charge shall have CFPM certification and be on the premises during all hours of operation

At the time of this inspection, this establishment appears to meet the requirements to waive the 3rd inspection

Food handler certification is required for all food employees without CFPM certification. "Food employee" means an individual working with unpackaged food, food equipment or utensils, or food-contact surfaces. Food handler certification is required within 30 days from the hire date of food employees and valid for three (3) years from date of issuance.

OBSERVATIONS AND CORRECTIVE ACTIONS

Item Number	Violations cited in this report must be corrected within the time frames below.
37	3-602.12 (C) Observed written notification of the presence of major food allergens as an ingredient in unpackaged foods not available to consumers. The permit holder shall notify consumers by written notification of the presence of major food allergens as an ingredient in all unpackaged food items that are served or sold to consumers. Acceptable notification options include physical or electronic brochures, menu notifications, label statements, table tents, placards, decals or stickers on cases, or other effective means. An umbrella statement regarding allergens being present in the establishment does not satisfy this requirement, as each major food allergen must be identified for each menu item.
