37	3-602.12 (C) Observed written notification of the presence of major food allergens as an ingredient in unpackaged foods not available to consumers. The permit holder shall notify consumers by written notification of the presence of major food allergens as an ingredient in all unpackaged food items that are served or sold to consumers. Acceptable notification options include physical or electronic brochures, menu notifications, label statements, table tents, placards, decals or stickers on cases, or other effective means. An umbrella statement regarding allergens being present in the establishment does not satisfy this requirement, as each major food allergen must be identified for each menu item.
