Of those, 798 patients were in the ICU and 462 patients with COVID-19 were on ventilators.

The preliminary seven-day statewide positivity for cases as a percent of total test from December 27, 2020 – January 2, 2021 is 8.3%. The preliminary seven-day statewide test positivity from December 27, 2020 – January 2, 2021 is 9.6%

*All data are provisional and will change. In order to rapidly report COVID-19 information to the public, data are being reported in real-time. Information is constantly being entered into an electronic system and the number of cases and deaths can change as additional information is gathered. Information for deaths previously reported has changed, therefore, today's numbers have been adjusted. For health questions about COVID-19, call the hotline at 1-800-889-3931 or email dph.sick@illinois.gov.
